Earth Day Celebration

Saturday, April 17, 2004

Operate a
Wind Tunnel

See a
Moon Rock

"Fly" a
Flight Simulator

See an Apollo
Capsule

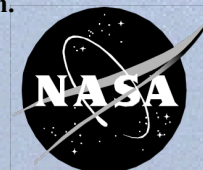

NASA's mission includes understanding and protecting our home planet. NASA Glenn Research Center contributes by providing technologies and promoting environmental awareness to protect our natural resources for your family and future generations. Learn more and celebrate Earth Day with us from 10:00 a.m. to 3:00 p.m. Special Earth Day presentations, free Earth posters, NASA decals and "Picture Yourself in Space" digital photographs as well as kid's activities!

Special Presentations

- 11 a.m. – 12 p.m. Monitoring Earth's Health from Space: NASA satellites track Earth's delicate systems from the harsh environment of space - *Phil Paulsen, NASA Engineer*
- 1 p.m. – 2 p.m. Alternative Energy: NASA's research into Alternative Energy has enormous potential and application here on Earth - *Dr. Sheila Bailey, NASA Research Physicist*

- ❖ Advanced registration guarantees admission to presentations – call (216) 433-9653
- ❖ All adult visitors are required to present government-issued photo identification.
- ❖ Foreign nationals (subject to restrictions) must present a visa or passport.

For more information, call the NASA Glenn Visitor Center at
(216) 433-2000, or follow the Visitor Center link at www.grc.nasa.gov
